Sunday, August 8 11:00 am ET

This 106th Assembly of the American Ethical Union has addressed "the whole truth about America" where history has been triumphant for some and traumatic for others. How do we understand and reconcile such disparity? As we truthfully acknowledge imperfection and injustice, we also confront challenges that lie ahead and commit to building a more just and humane nation for all. Let us also recognize underlying ethical values that animate efforts, throughout our history, to create "a more perfect union," to elicit goodness from diverse peoples, to find and demonstrate hope.

We gather today virtually from across the country and around the world, something that was inconceivable when our nation began or when Felix Adler founded Ethical Culture in 1876. Let us envision together and commit to building a nation of equity, decency, and compassion. We will hear from future Ethical Culture Leaders who represent the future and inspire hope as we embrace the tasks ahead.

Speakers:

Anne Klaeysen, Leader Emerita of the New York Society for Ethical Culture

Robert Berson, Leader, Northern Westchester Society

Future Ethical Culture Leaders Greg Bonin, Christian Hayden, Louise Jett, and Sarah Tielemanns

Elizabeth Collier, Chair, AEU Leadership Committee

Don't Miss the Last Assembly 2021 Educational Event:

Ethical Culture in 40 Years with Christian Hayden Tuesday, August 3, 8 pm ET

As we enter a critical period of being post-pandemic, it is an opportune time to think about what we want Ethical Culture to become. Though it feels we have this conversation often, very rarely is it documented, and presented and weighed. With this workshop, we would like to collect various voices in the movement to articulate the Ethical Culture they want to exist in 40 years.

The American Ethical Union joins the ERA Coalition, Signs on to Letter of Support for ERA Amendment

The AEU has registered as an official signatory to a letter to Attorney General Merrick Garland urging his Office of Legal Counsel to withdraw the January 6, 2020 memo on the Equal Rights Amendment issued under the previous Administration. The memo, which advised the archivist to refrain from publishing the ERA upon Virginia's ratification as the 38th, and last needed, state was an overreach by the Executive Branch in an apparent effort to serve the then-Administration's political agenda.

The ERA Coalition is a woman-of-color-led nonprofit, representing millions of people, more than 200 partner and allied organizations, and leaders across the country. Our shared goal is to see the Equal Rights Amendment recognized as part of the U.S. Constitution.

Join the Philadelphia Ethical Society in honoring the United Nations International Day of Peace!

On Sunday, September 19, at 11:00AM EDT, Hugh Taft-Morales will be giving a platform talk entitled, "Peacebuilding." This talk, hosted by the Philadelphia Ethical Society will reference both (1) the **AEU resolution** to be proposed at the American Ethical Union Assembly on August 8, 2021 called *Renewal of Commitment to a Culture*

of Peace, and (2) **H. R. 1111** – Department of Peace Building Act. For too long nations have honed war-making capacities while neglecting the strenuous and important work of building peace. National Ethical Service (NES), the AEU affiliate representing Ethical Culture at the United Nations, has labored over decades to advocate for building a culture of peace.

If your Society would like to attend, please join us on Zoom at: www.tiny.cc/phillyethics (Zoom phone in meeting number: 215 735 1906)

If you would like to be a co-host along with the *Ethical Society of Austin* and *National Ethical Service*, please email Hugh Taft-Morales at <u>HughTM@gmail.com</u> no later than September 4th. Co-hosting means that you will attend and advertise the event to your members and perhaps the general public. No other obligations.
